

Dear Referring Clinicians,

The Breast Centre at St. Joseph's Health Centre is pleased to announce enhancements to our services that will strengthen the continuum of care for our patients and better support our valued referring clinicians.

Beginning **December 2025**, we will begin accepting **breast surgical referrals**. These referrals may be faxed directly to our Patient Navigator at **416-530-2081**.

To provide clarity regarding referral processes:

- Breast imaging requests (breast ultrasound or mammography and breast biopsies) should continue to be faxed to 416-530-2084, following the standard booking process.
- If imaging results are abnormal and surgical follow-up is indicated, our Patient Navigator will contact your office directly to request a surgical referral and will arrange the surgical consultation for the patient.

If you have any questions or concerns regarding breast imaging bookings or surgical referrals, please contact our Patient Navigator, **Carrie Lay**, at **416-530-6000 ext. 7630**.

Thank you for your ongoing collaboration and for the high level of care you provide to our shared patients.

Sincerely,
The Breast Centre Team
St. Joseph's Health Centre
